

COUNTY COMMISSIONERS

All The Republican Nominees Received Approval of Legislature

LIVELY DEBATE IN THE HOUSE

Vote was 109 to 81 Against Submitting to Judiciary Committee Several Hearings on Other Matters Without Action Taken—Manufacturers Argue for Removal of \$5,000 Death Damage Limit.

(Special to The Bulletin.) Hartford, Feb. 7.—A near-buzzard did not materially reduce the attendance at the capitol when the session for the week was commenced on Tuesday. The attendance was not the business to come up on the opening day would prove interesting. It did, especially in the House, where the resolution appointing county commissioners was made the order of the day, commencing at 11:30. Because of the lateness of trains, however, 12 o'clock was the hour at which the business was taken up.

Price of Printing, Ice, Coal and Other Necessaries. In the meantime, in the house, the members agreed to take some resolutions from the table and act upon them. One of the resolutions introduced by Mr. Banks, to raise a committee to investigate the cost of printing to the state, and another introduced by Mr. Banks, to raise a committee to investigate the fixing of the price of coal, ice and other necessities, were passed under suspension of the rules and immediately transmitted to the senate. The committees are to be made up in each instance of one senator and four representatives and they are to make their investigations and report to the committee on the session of the legislature.

Stirred Up Lively Debate. The first lively debate of the session was precipitated when Representative Tinsler of Vernon introduced all resolutions pertaining to the appointment of county commissioners be referred to the judiciary committee for hearing before being presented for final disposition. More than an hour was consumed by members of the minority in urging this procedure, which was finally crushed by a vote of 109 to 81, action being taken on the various resolutions, although a few republicans voted with the democrats, and vice versa.

Approving County Commissioners. With the republicans exercising their power of the majority, the republican nominees for county commissioners were approved as county commissioners. Charles H. Smith of Groton and Fred Brown of Lebanon were approved for New London county, Edwin H. Hall of Windham and Charles E. Barber of Groton for Windham county, and Rufus H. Leonard for Tolland county.

What Tinsler Resolution Intended. In a nutshell, the intent of the Tinsler resolution was to secure hearings before the judiciary committee on the appointments of county commissioners that the people of any county might be given the opportunity to object to the nominees of the county caucus were satisfactory to them or not, and Mr. Tinsler's plan was to have the name of Rufus H. Leonard of Rockville come up for approval. In the party caucus held at the Rockville house, out of the 15 republican votes in Tolland county. However, it had been said from the floor of the house earlier in the day by Representative Tinsler of Vernon and by Representative O'Connell of Stafford, both democrats, by the way, that the name of Leonard was the choice of the republicans of Tolland county; that that gentleman did not know himself, and that he was a candidate for county commissioner fifteen minutes before the caucus nominated him, and that he was not a republican.

When the Leonard resolution came up for action Representative Moore of Storrs, the only republican in the county who made any move toward opposing the action of his party taken in caucus, introduced a resolution to amend the resolution appointing Mr. Leonard a county commissioner by striking the name of Leonard and inserting in their place the name of John G. Wightman. This brought Representative Tinsler of Vernon to his feet with the declaration that he would expect the members that introduced the resolution to defend it. Mr. Moore said nothing.

Amendment Was Defeated. Representative O'Connell stepped into the breach and said he was sure it was the sense of the people of Tolland county that the name be changed as proposed in the amendment. The amendment when put to the test of a vote was defeated 127 to 64. The resolution naming Mr. Leonard a commissioner was then passed.

Majority Unfavorable to Tinsler Resolution. As a general proposition Mr. Tinsler's resolution to refer all resolutions pertaining to the appointment of county commissioners to the judiciary committee that the people might have a chance to come into the legislature and be heard relative thereto, did not make a bit of headway. The majority of the republicans in the majority did not believe that it did on the minority side where its adoption would have meant an opportunity to raise a lot of talk in favor of party candidates. The Fairfield county democrats were particularly strong for it, as they are the majority in that county. The resolution had named Dennis Mulvihill as a candidate in the county caucus and was anxious for him to receive the approval of a legislature with a republican majority. But he did not get it and the caucus was a day of talk and the caucus was a day of talk.

Bankers Hit the Nail on the Head. Representative Banks led the argument from the republican side and got right to the point of the matter in pointing out that the proposition in the resolution under consideration was to refer all resolutions pertaining to the appointment of county commissioners to the judiciary committee for hearing before being presented for final disposition. International Wedding

HE EN VIVIAN GOULD BRIDE OF LORD DECIES.

HE 44; SHE 18

Daughter of Famous New York Family Marries Into English Nobility—Fashionable Society at Ceremony.

New York, Feb. 7.—Helen Vivian Gould, daughter of George T. Gould, head of one of the wealthiest families in America, was married at St. Bartholomew's Episcopal church in Madison Avenue, New York, today, to Lord Decies, a member of the British army. She is eighteen years old; he forty-four.

The church was crowded with an assemblage representing New York's social and professional life and a large number of guests. The ceremony was performed by Bishop David H. Greer of the Episcopal diocese of New York and the Rev. Dr. Leighton Parks, rector of St. Bartholomew's. George Gould was best man, and Lord Decies was groom.

Cranks Were Absent. There was, however, no untoward incident. None of the many cranks who have assailed Decies in anonymous letters, or the cranks who have assailed the marriage, were present.

Long before four o'clock more than 100 patrolmen and detectives arrived in the vicinity and the church was surrounded by a block of the city in all directions, establishing a police cordon. The bride and groom were escorted to the church by a motorcade of automobiles. The bride was wearing a gown of white tulle and lace, and the groom was wearing a tuxedo.
